

MATERIAL SAFETY DATA SHEET

Statement of Hazardous Nature

Company Details

Company: **North Shore Distributors**

Address: 1/30 Furniss Way, Landsdale 6065
 Telephone No: (08) 9409 6644
 Fax No: (08) 9409 7093
 Emergency No. (08) 9409 6644

IDENTIFICATION

Product Name: **“OSY” BRAKE CLEANER Bulk**
 Manufacturer's Product Code: BC20
 UN Number: 1897
 Dangerous Goods Class &
 Subsidiary Risk: 6.1
 Hazchem Code: 2{Z}
 Poisons Schedule: 2
 Use: Cleaning disk brakes

Physical Description/Properties

Appearance: The applied film is transparent and colourless. The vapour has a slight ether odour.
 Melting Point: N/A
 Vapour Pressure: N/A
 Specific Gravity: 1.63
 Flashpoint: N/A
 Flammability Limits: N/A
 Solubility in water: Insoluble

Ingredients

All products are formulated to be non-hazardous to health and environment, wherever possible. All hazardous substances as defined by the NOHSC Code 1008 are listed by Cas No. Other ingredients, which are determined to be non-hazardous, are listed as “other ingredients determined not to be hazardous”.

Chemical name Cas No. Proportion

Perchloroethylene	127-18-4	>60% Wt
Non hazardous ingredients		>100%

HEALTH HAZARD INFORMATION

Health Effects

Swallowed: Ingestion of substance may cause severe injury or death..
 Eye: Vapours will cause irritation. Liquid in the eyes will be painful and may cause corneal injury, possibly permanent.
 Skin: Poisonous, may be fatal if absorbed through the skin

First Aid

Swallowed: If poisoning occurs contact a Doctor or Poisons Information Centre. **Do not induce vomiting.**
 Eye: Flush gently with running water, holding eyelids open for 15 minutes. Transport to doctor or hospital without delay.
 Skin: Remove contaminated clothing and wash skin thoroughly with mild soap and water.
 Inhaled: Remove from exposure. Keep warm and quiet, obtain medical opinion if recovery is not rapid. If breathing has stopped see passages are clear and apply artificial respiration.

PRECAUTIONS FOR USE

Engineering Controls: Adequate ventilation.
 Personal Protection: Respiratory equipment must be worn if exposure limits are being exceeded. Take precautions to avoid eye and skin contact.
 Flammability: In use highly explosive vapours are produced. Keep away from all sources of ignition including flames, hot surfaces, electric's, static or frictional sparks.

SAFE HANDLING INFORMATION

Storage and Transport: Store away from heat, alkalis, foodstuffs, empty foodstuff containers and oxidising agents.
 Spills and Disposal: Wear protective clothing, goggles and protective gloves. Wear a suitable respiratory device if spillage in a confined area. Can be washed away with water.
 Fire/Explosion Hazard: flammable.

OTHER INFORMATION

This MSDS is valid for five years from date of issue but readers should contact the manufacturer to ensure that this is the latest issue. As per the Worksafe Guidance Note NOHSC 3017, each user should review the information in the specific context of the intended application.

Date of Issue: 28/04/2009
